EXPERIENCE

Shadow Intern [Programming Hero **]**   Jan 2024 - Mar 2024

- Worked within a team of 6 members to develop a web application.
- Participated in daily scrum meetings at 10am and 7pm to discuss progress and plan tasks.
- Delivered weekly presentations on the progress of the project.
- Successfully completed the project and submitted project documentation at the end of the internship.

PROJECTS

Meet Ready   **View Doc**
- Spearheaded the development of a full-stack Next.js project called Meet Ready, aimed at facilitating seamless online meetings, resume building and professional networking opportunities .
- Implemented advanced features such as event creation, profile management, and secure authentication, resulting in a platform that saves 40% of employee time in resume building and 30% of employer time in meeting setup.
- Collaborated closely with a diverse team of frontend and backend developers,to deliver a robust and intuitive platform, showcasing strong teamwork and interpersonal skills.
- Demonstrated proficiency in unit testing, ensuring the reliability and robustness of the application while adhering to quality assurance standards and enhancing the customer experience.
- Tech used: Next.js, React, Node.js, Express, MongoDB, Mongoose, Axios, bcrypt, Chart.js, Jest.

Easy Task   **View Doc**

- Streamlined workflow through the development of a MERN stack task management application.
- Increased efficiency by 20%, leveraging features like drag and drop functionality for effortless task prioritization.
- Improved performance with seamless integration of Framer Motion for dynamic animations and enhanced user interactions.
- Enhanced productivity by providing a sleek and intuitive user interface using Material-UI (MUI).
- Reduced time spent on task management tasks, ensuring optimal utilization of resources and improved reliability.
